Dear Judge Pick:

Some time ago I bought a Lehman Brothers fund for \$95,00. (a bit of money) Hoping that its interest would help in my retirement. After Lehman Brothers collapse I have been left pretty much in the dark. I only know what I see in the paper - no direct communication from Lehman or the legal process. I did receive one correspondence from the US Bankruptcy Court almost two years ago - that's where I got your name.

My Schwab account was credited approximately \$5500 - (listed as a capital gain?) and a \$72,00 unvalued loss. My statement says the "bad" is worth about \$22,800. In short I would like to know when this will be resolved and how much money I can expect. I have read that the bankruptcy lawyers have been paid over one billion dollars!

Thank you for your assistance.

Sincerely,

J. B. Gross
